

# *Humanity and Earth*

## *A Love Affair of Awakening*

### *Earth's Loving Embrace of Humanity*

No matter how popular the slogan “Save the planet” may be, planet Earth does NOT need saving. Planet Earth is completely, effortlessly, and immutably at one with the Divine. Earth Loves us no matter how we treat it. Is this a statement of arrogance and hubris, giving permission to mistreat it? No! *We are actually afraid of OPENING to a Love that is so completely UNCONDITIONAL.* Doing so would forever change the unconscious attachment to the belief that we are separate from Nature, and would eliminate the feeling that we are forsaken. This perception of being separate and forsaken is behind every motivation to plunder and rape the Earth in a misguided attempt to find security, abundance, empowerment and love.

### *Showing Us the Way to Love*

Notice how completely, tenderly and relentlessly Nature pours its Love into us. The sun freely radiates its life-affirming light on both the saint and the sinner alike . . . and everyone else as well! The same goes for the shade of a tree, the scent of a flower, the

life-giving elixir of water and the healing power of plants – they all give their blessings to the good and the bad, the high and low, the right and the wrong, the superior and inferior alike . . . and everyone and everything else as well!

Ever heard the lamentation: “Who will speak for the Earth?” As if we are in charge of deciding how the world should be. We don't need to speak for the Earth, we need to LISTEN to its messages of Wisdom, Harmony, Unity and, above all, Love! We need to listen with our ears, our heart, our gut, and every pore of our being. Nature has been showing us the Way to Love all along, but we have been loathe to let go of our egoic arrogance, often hidden in the belief that we know what is best. Can we now see how “saving the planet” is a sophisticated and cunning way that the ego gets to hang on to playing God? We need to LEARN from Nature about how to live in union with each other and the Universe . . . . until we Realize that we ARE that very same Nature.

### *Earth's Sublime Message and Gift to Humanity*

Relax and open your heart to receive the wisdom, energy and Love from Nature in the following messages. While reading this, really feel that Earth is speaking directly to you:

*I AM your greatest Lover and Teacher*

*When you open fully to my loving and comforting embrace  
You will be inspired to be as purely and freely loving as I AM*

*See with a heart free of fear and lack, a world of unfathomable beauty,  
sumptuous abundance, tender intimacy and unifying power*

*You have not yet seen Me in my full majesty due to the deadening  
and distorting veil of your dualistic ideas and labels which your  
ego hangs on to with the pride of superior understanding*

*However, you must not judge your ego nor fear it, in the same way  
that I have never judged you nor feared you. Simply use Me as your  
example of embodied Unconditional Love. Open to that Love until  
we become One perfected embodiment of the Divine.*

*Expose your most anguishing shame to the light of My Sun  
and you will find no judgment, only illuminating Love.*

*Surrender your deepest wounds and darkest desires to the healing and purifying solution  
of My Infinite Waters*

*You will find yourself immersed in soothing acceptance, held by My sustaining and  
reassuring embrace of Love*

*Bring your grief and depression to My trees, forests and gardens, and you will find pure unbridled joy and aliveness. Wherever you are, whoever you are, I Love you just as you are. You may come to Me fearful, angry, downtrodden or full of hate, it does not matter. I have always been here for you, and I will always Love you.*

*When you have carefully and patiently studied Me  
and learned how to emulate My Unconditionally Loving ways  
When you have surrendered all of your limited ideas and judgments  
to My transcendent Love and Wisdom  
When you have FULLY opened to My Loving Embrace  
You will have broken through the illusory veil of fear  
which has held humanity in servitude and strife for eons.  
Then, and only then, will you be in a position to return the  
Gift of Awakening to Me and all of Life on planet Earth.*

*Nature is Patiently Awaiting Humanity's Ultimate Gift*

*While I do not need saving nor a spokesperson, I AM waiting for that glorious day when you Awaken from the illusory egoic identity to the Truth of who and what you are. On that day, you will embody Infinite Life just as I AM. For while I AM, have always been and forever will be, an immutable servant of the Divine, YOU as a human being, will finally CHOOSE to align yourself with the Universal so that You too will be a perfected expression of the Divine.*

*This additional quality of CHOICE and SELF-AWARENESS to Nature's already existing unity with the Divine, will Awaken Life to new dimensions of Love. TOGETHER we will live in a new Reality with horizons of Peace and Joy beyond your wildest dreams. Our roles will then reverse: as a fully Human and fully Divine being, YOU will now be an example for and an awakener of Me!! Your very Presence will transmute ALL of Nature into an AWAKE version of Itself.*
